

Can you believe it? We get to see you in person!

**IT'S FINALLY HAPPENING! WE ARE RE-OPENING
Wednesday, May 27th**

Our top priority is your health and welfare. To make certain you are not compromised in any way by coming in for your Lipo Light treatments, we will be following the protocol outlined below during the remainder of the pandemic:

- If you answer yes to any of the following questions, please do not

schedule: 1. Have you had coughing, diarrhea, shortness of breath, and/or chills & fever in the last 2 weeks? 2. Are you aware of having been exposed to anyone who has tested positive for COVID-19 in the past 2 weeks? 3. Have you traveled in or out of the country to any “hot spot” regions in the last 2 weeks?

- All surfaces that could be touched by hands will be disinfected before and after a client’s arrival.
- Face Masks: I will wear a face mask. Face masks will be required for all clients. If you forget yours, I’ll have extras.
- When you arrive for your appointment, you may call and wait in your car until you get a call back or wait in the hall outside the Totally You office.
- Unfortunately, during this time, we can only allow the individual with an appointment to enter the Totally You space.
- No outside food or drink will be allowed inside the Totally You space.
- Before entering Totally You, your temperature will be taken with a no contact forehead thermometer. If your temperature is higher than 99.4, you will need to reschedule.
- My temperature will also be taken each appointment day.
- Upon entering the Totally You space, you will be required to use a hand sanitizer or wash your hands.

I hope you’ll see these inconveniences as necessities to keep us all healthy as we navigate our way through the reopening businesses stage of this pandemic.

Our goal is to make sure you’re looking your skinny body best when life gets back to normal and to do our part in keeping you healthy in the process!

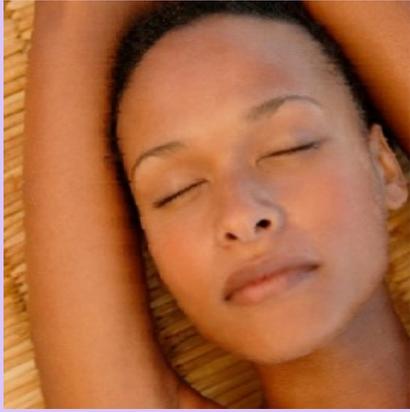

Please feel free to call to schedule your appointment(s) prior to Lipo Light’s opening date.

Can’t wait to see you!

Suzy

While you’re shedding fat, why not shed some stress!
